Dear fellow citizens,

Wertheim has had a municipal family pass since 1987. It offers numerous benefits, especially to families with low incomes and several children.

From 2022 onwards, the benefits of the family pass have been improved to expand the group of eligible persons. In addition, the income limits will be adjusted automatically on a regular basis from 2024. These new, family-friendly regulations should enable even more families to enjoy the benefits offered by the family pass.

For example, family pass holders may receive a reduction up to 50 percent on admission prices and user fees at a large number of facilities, such as the youth music school, the municipal open-air swimming pool, the swimming pool, and seminars at the adult education center. I would particularly like to point out that the wide range of these discounts also includes all municipal and church kindergartens and the reliable elementary school.

We are pleased if you make use of the offer of the family pass of the city of Wertheim. This flyer informs you in more detail about the benefits, eligibility and application procedure.

When you apply for the family pass, please submit the required documents. These can be the last 3 pay slips, notices about the receipt of social benefits or the severely disabled certificate. The family pass is valid for the duration of the current calendar year and can be applied for and issued again in the following year, provided that the requirements are met. The benefits are only granted from the time of application, so it makes sense to apply for the family pass in January.
